

Compass

Cashless Canteen
POS Systems

CashlessCanteen is a POS system that uses CompassID cards and integrates directly with the Compass portal to provide schools with information on medical flags like food allergies, ordering habits and sales numbers for canteen management.

Schools can set up multiple menus on Compass for students to pre-order lunch, or parents can order online and top-up the money on their child's CompassID card.

Student/Parent Benefits

- Reduce issues with bullying
- Reduce issues with theft
- Parents gain overview to eating habits of children
- Students less likely to spend money on unhealthy options to and from school
- Easier ordering and purchasing system for students & parents

School Benefits

- Increase in canteen takings
- Healthier food adoption promoting positive food options for students
- Substantial cost savings
- Reduced administration time
- Flag good allergies & intolerances
- Track sales, ordering habits and wastage to improve planning processes

- ❑ Annual License Fee
- ❑ Minimum 2x POS Devices
- ❑ Compass ID Cards

Optional

- ❑ Kiosk Pro for Cash Collection on premise
